## **Instructions to Play:**

This is best played in a group of people. Divide into two teams.

Each player will take a turn choosing a word and drawing it for their team. Set a timer for 1 minutes and the team needs to guess the drawing before the time runs out. They get a point for guessing right. The team with the most amount of points at the end of an appointed time, or the first team to a chosen amount of points wins.

This is best played on a large white board or large drawing pad so everyone can see the drawings.
