Instructions: Pascal's Triangle is a number pattern (that is named after Blaise Pascal, a French Mathematician, however he did not invent it). You start with 1 at the top then place numbers in a triangular pattern. Each number is the sum of the two numbers above it. The sides of the triangle are all 1. I made it with triangles, so only fill in the triangles that are right side up with numbers.

1

1 1

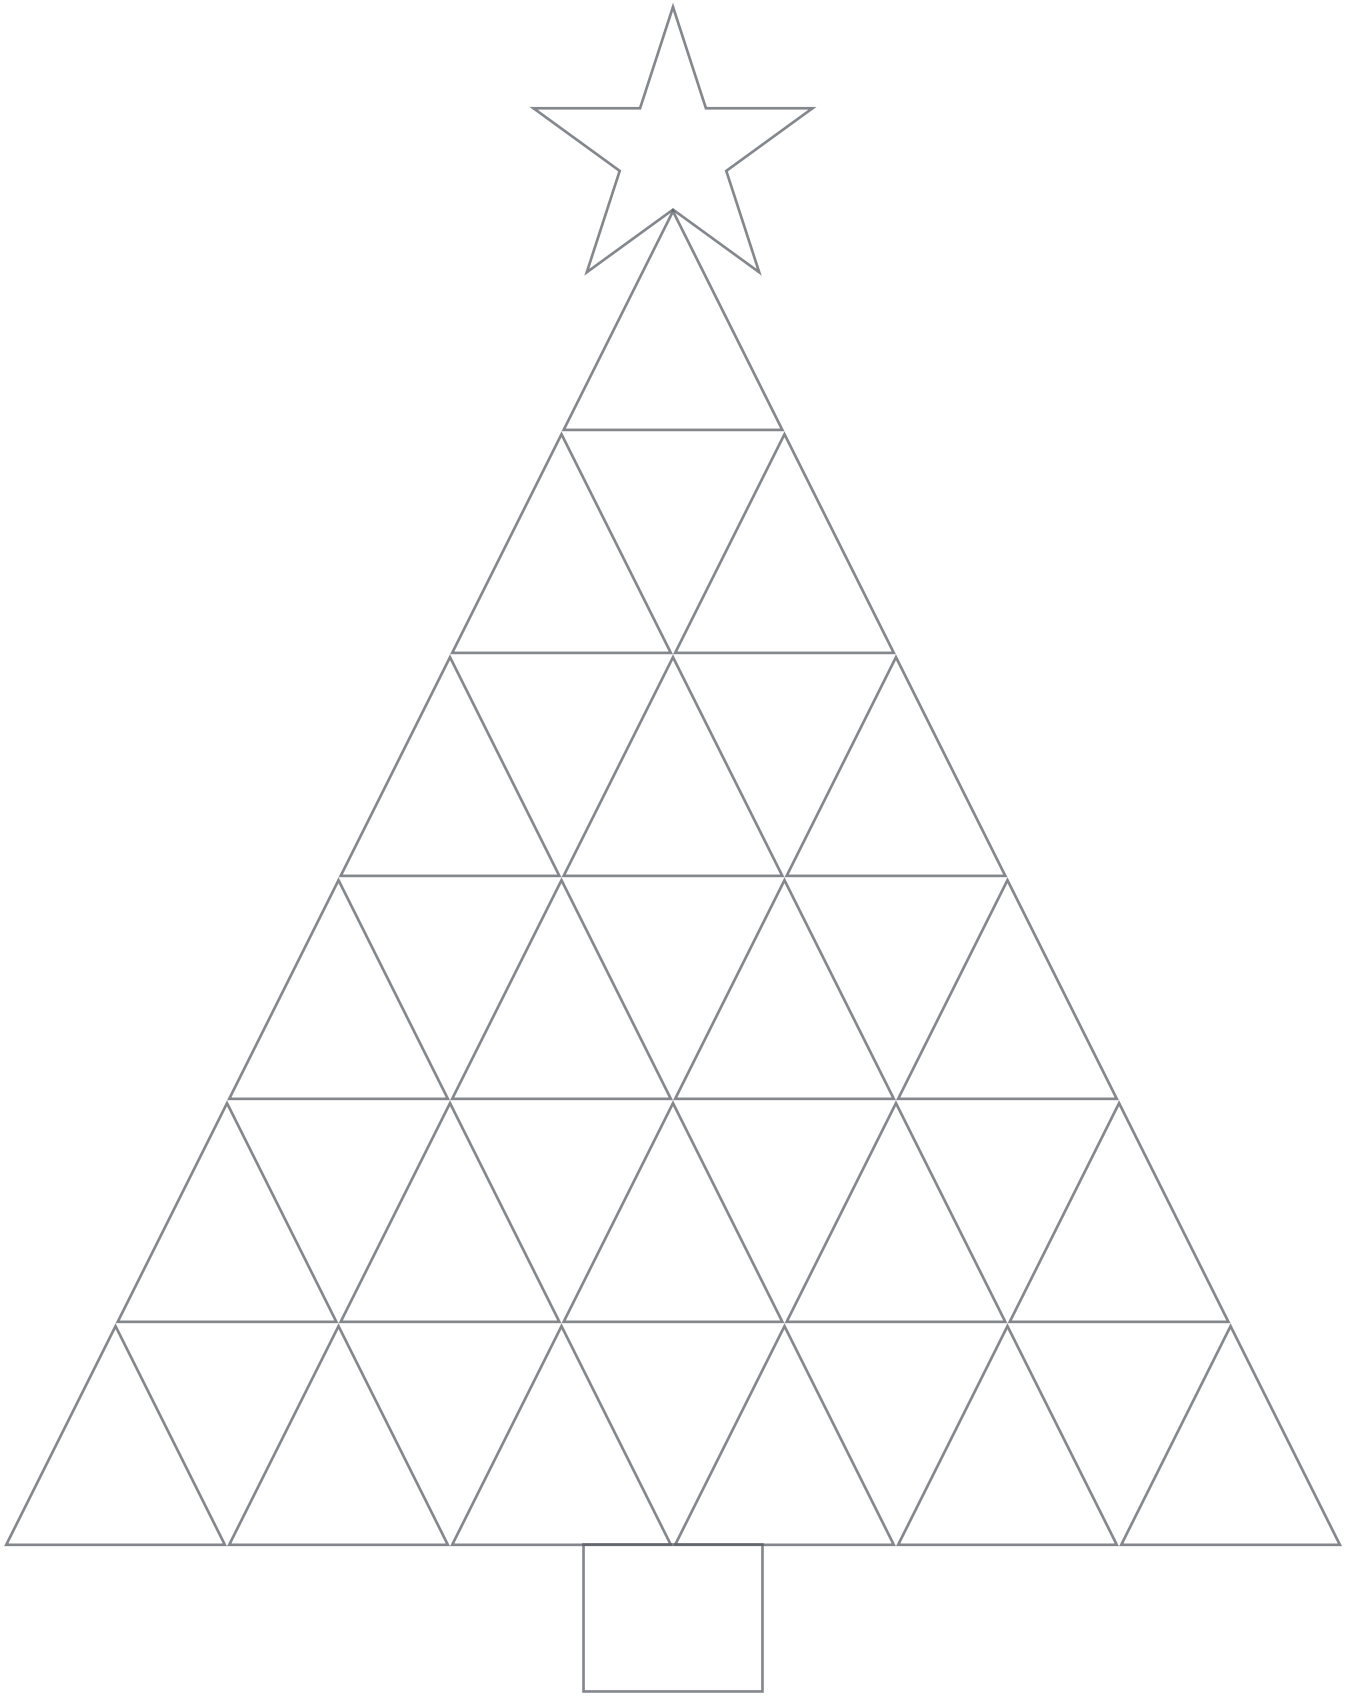

1 2 1

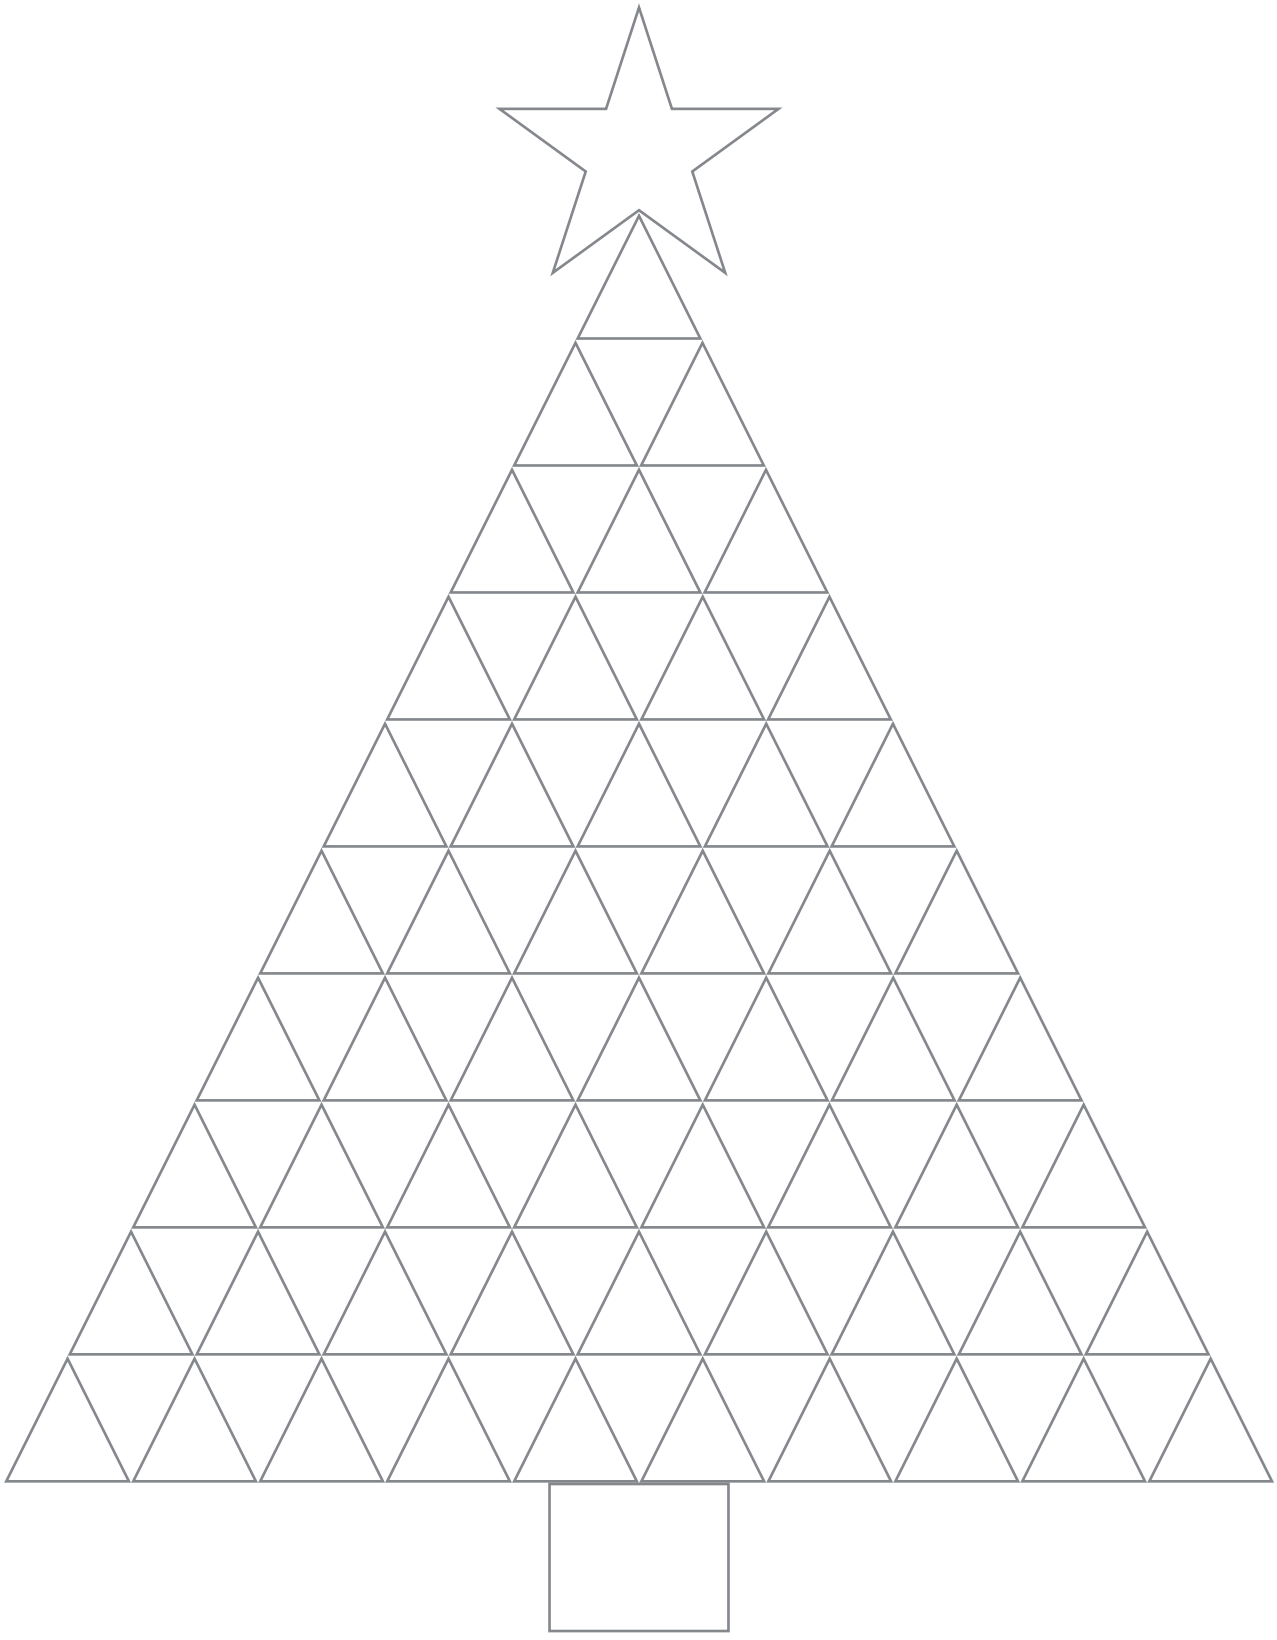

1 3 3 1

1 4 6 4 1

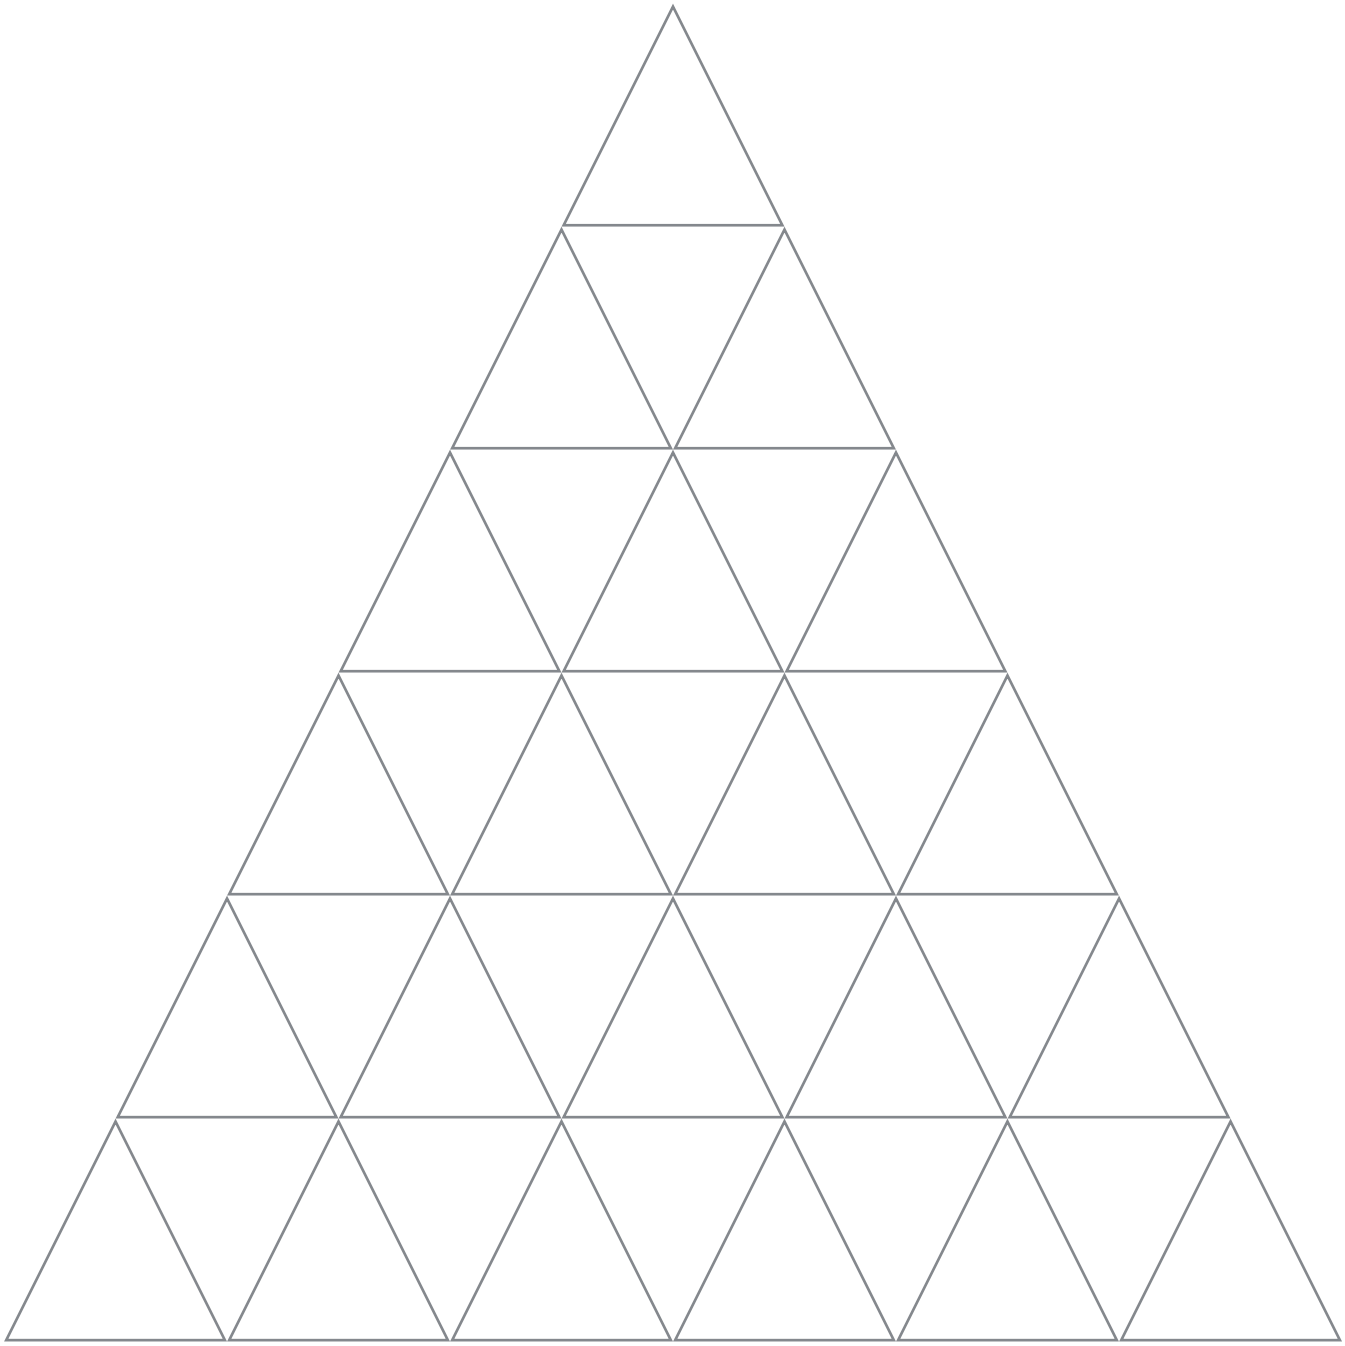

1 5 10 10 5 1
